“ I had the privilege of working under him at Brookshire’s in Bullard as a Courtesy Clerk during high school at my very first job and I will always be grateful for the impact he had on me. He truly lived out the values of “Customer First” and “The Team Matters.” He cared deeply about doing things the right way. Making sure food was bagged safely, keeping items separate and protecting items. He believed every customer deserved care, respect, and attention. As a high school student starting my first job, I learned more from him than I realized at the time. He made me feel supported, respected, and proud of the work I was doing. He didn’t just manage; he mentored. He led by example, showed integrity in his work, and taught me lessons I have carried with me ever since. My heartfelt condolences go out to his family. He made a lasting impact on my life and I will always be thankful for his guidance and example.

“ As a teenage employee at the South High St. Brookshires in Longview, one knew that Allen was a special young man. He had all those extra qualities back then that stayed with him. Debbie, to you too, my thoughts and condolences go to all the family as you all learn to live life without him.

“ Allan was the best manager I ever had. He treated everyone with kindness and respect. He knew when to joke around and when to be serious. I am where I am today partially due to his leadership. I am so glad I had the opportunity to communicate with him via text just a couple of weeks ago. Rest well my friend and thank you for being the leader that you were!
