“ *She was by far a very special person and Aunt to me -- all my life! Though her sister was my mother, they had so many wonderful differences that made them both the special individuals that they always were! I always considered Aunt Annie my second Mother! We had a special bond and love for each other that I will carry in my heart forever. Pat -- I love you and know I am there with you as you put Aunt Annie next to Uncle Ben where she will find peace forever.*
