“ I worked with Barbara at Carrier from 1969 to her retirement and continued to see her occasionally after her retirement. I greatly enjoyed Barbara and will miss her. She was a wonderful lady.

“ Barbara always had the most beautiful smile when she would come in. You just knew behind those twinkling eyes that she was a pistol to be reckoned with. We've enjoyed our time getting to know her and Charles as not only clients but friends and neighbors of our agency. Our prayers and thoughts are with Charles and their family. Remember the smiles and she'll never be forgotten. God Bless You.

“ Ask your friend if she thknis she will get away with killing people just because O.J. Simpson did.If the IRS knows she owes taxes, you can bet they will find a way to collect. They will take money from subsequent tax returns. If the amount is high enough, they will garnish her wages or seize money from her bank accounts. The IRS is the tortoise of bill collectors. It may take a while, but it will get it's money. Was this answer helpful?
