“ I worked with Betty for 25 years at Naylor. She was always a special person to me and I will miss her dearly. She was so much fun to be around and always upbeat. I will surely think of her when my birthday card she sent for the last 45 years doesn't show up next year.

“ There are a very few people we meet that really make a lasting impression. Betty was one of those rare few. I had the privilege of working with her at Naylor for a number of years. As has been said, a classy lady who could really brighten your day.

“ Knowing that she loved flowers, I picked the only rose blooming in my yard and brought it to her. I asked if she could smell it, and held it close to her nose. She really brightened up, and said, "love it, I love it, I love it. This is my last memory with Betty here on earth and it will always be special
