“ Well, my friend, I will miss you! You have brought so much to our lives. I have to say I have never met anyone like Christie. She was, for lack of better words, a nut! She was a friend, racer, and a good sportsman to many people in the racing community. She treated every kid out at the races as if they were her own. We loved her very much.

“ Christie was one of a kind. How she could light up a room! She was funny, kind, thoughtful, and very mature for her age. I couldn't believe how young she was when I found out! She taught me so much, and not just about how to solder a chip on a pager! She was my fellow cage monster and I will miss her dearly. My thoughts and prayers are with Terry, her family, and all of her friends, of which I'm sure there are many!

“ We met Terry and Christie 3 years ago and Christie is the best friend I ever had. We talked every morning and every evening and always shared tons of laughs. Christie was there for me during my husbands accident and spent many nights with me at the hospital. Christie is the closest I have ever had to a sister and I even call her my "little sister". It was a real blessing to have Christie in my life.

“ Terry, I'm not sure I have the words to tell you how sad I am for your loss. Christie was definately one of kind. I remember when the two of you started dating and how much happier you seemed. Inventory a couple of years ago over at the 2-way shop, Christie kept Nell and myself laughing in that tiny little stock room all afternoon. That smile of hers will surely be missed by all who knew her. God bless you and her family in the days to come.

“ Dear Mr. Poe. First let me say that i am so sorry for you loss. You or your wife did not know me. But i work for Smith County Road and Bridge department and i was turning into the store when the accident occurred. In short, I was the first one to your wife's car. Something in me just had to tell you the following. When i approached your wife's car, i felt a calmness come over me. I know that people will tell you certain things to make you feel better, but this is the gods truth. Your wife looked so very peaceful. I have never seen anyone look that peaceful, so i know in my heart your wife did not suffer at any time. I hope knowing this will help you through your difficult time. God Bless. If you have any questions, or just need to talk, dont hesitate to call. Steven Myrick 903 526 5868..

“ My heart was crushed to hear this news. I never met Christie but did business with her for more than 7 years. We would send instant messages to each other with funny emoticons and I always enjoyed speaking with her on the phone. She made work fun.

To her husband Terry: She told me you were the love of her life. I can't know what you are feeling but know that I would do anything to take your pain away.

I will miss her.

“ Christie will always be part of our Teletouch family. We all watched her grow up and she contributed so much to our company. From managing inventory to setting up our repair hubs, Christie was always up for a challenge and helped me with so many projects. She was a bundle of energy, had a great smile and a wonderful laugh. She was so much fun. I remember when she and Jennifer and Nell were decorating Susan's area for her birthday. Balloons were popping and she was hanging barrel of monkeys above her desk and laughing the whole time. She loved riding, racing, her animals and she loved Terry. She was so excited when she received her new motorcycle riding boots from UPS. She had them on in a flash and was dancing up and down the halls of our office with them on. She truly loved life.

I've spoken with all our employees and we all love Christie. She will always hold a very special place in our hearts. Terry you are in our thoughts and prayers and we are here for you. Let's try to remember the great times we had together.

“ I spoke with Christie while I was employed at United Comm and over the last 8 years we have become very good phone "buddies". I had the plesasure of meeting her once and she had a great present about herself that whomever she came in contact with via in person or phone everyone liked. She was always so energetic as well as loved to laugh. To lose someone you love so much is very hard, but in time the memories you have of her will help ease those hard times.
