“ Dorothy was such a character and lovely lady ! I enjoyed caring for her the last two years at Meadowlake. She was always ready to take the train to Houston and always included me since "I had the car to get to the station" She was always kind and loving and we often had "chats" in her room to discuss outfits and the latest trends. She never passed me in the hall without thanking me for "all the things I did for everyone" I will miss this dear lady but grateful I got to meet her!

GOOD TRAVELS MISS DOROTHY!

“ *Our wonderful Aunt Dorothy was such a gracious lady and always so much fun. My father always said she was one of the most beautiful women in Texas and that was true from the inside out. I loved visiting with her and Uncle Bill and witnessing their timeless romance. I hope it gives you some solace to know how much your mom meant to me and my family as well as having the reassurance that she and Bill are together again. Much love, Lou*
