“ I called her Aunt Fein. She was my aunt of 33 years by marriage. She was like a mother to me. We talked almost everyday and I will miss her phone calls. She took ill in November and had to go to the hospital and then into a nursing home. From Nov. till the day she died I was there for her. She loved Rodney and I as her children because she never had any of her own. I will miss my aunt and friend dearly.
