“ *Dr. Boyd, was a friend and he was one of the most outstanding medical doctors in his field. He was one of a kind and not many could walk in his shoes. He loved his work and he cared about his patients. I was one and he always took the time and patients to let you know he was there for any concerns.
He will be dearly missed.*

May he be lifted up on angels wings and given peace walking with the Lord.

My deepest sympathy's to his family and I pray they will find peace in the great memories he has left with them.

Growing up with Gary were memories I won't forget. Boyd Jewelers was one of my favorite places to go on weekends. You, Terrell, and Alan were the best. You will be missed Gary Boyd.

“*Dr. Boyd was the best! I first saw him for a stomach issue, and he determined that I had an ulcer that had perforated and I was literally bleeding out internally. He immediately got me into the hospital and fixed me right up. Saved my life! From that point on, for many years, Dr. Boyd was my doctor. Very compassionate and caring, always! I know we will see him again someday, and will be praying for his family during this time.*

Dr. Boyd I remember the day you arrived in Tyler . The little GI lab that was the former nursery . Wow we were impressed . You were kind , loved to talk about your love for endoscopy and the new procedures on the horizon and how we could help the patients you loved .we had so many wonderful times working with you . I will always cherish the remarks you would make “oh vee we are family ! We will miss you but we won't forget you .
