“ My thoughts are with your family at this time. I worked with Jackie for many years and am sad to hear of her death. She gave me my chance to work in Mental Health and I loved it. I must work today and am not able to attend the funeral. Jackie would be the first one to understand, as nursing was her passion and her gift. I will work today thinking about her contributions and want you to know she left an impact where ever she was. I pray for your family to hold many happy memories of this intelligent and devoted nurse. The last time we spoke she encouraged me to do what was best for me as life was mysterious and short. I held her advice.

“ I extend my thoughts and prayers for those of you in the family. I enjoyed seeing Jackie over the years she lived in Conroe. She was certainly a friend to all of us in the class and kept in touch with many. We will miss her at the reunions.

Sincerely,  
Linda Lois

“ I wanted to share with you that the last time I saw Jackie in Huntsville at a reunion was about 4 or more years ago. She was beaming when she talked about her family, her children and grand children. She loved you all so much! I wish to let you know that there is sorrow in the hearts of all that knew her and we do share in your loss. My deepest condolences. Jimmie Lou, Class of 1963, HHS

“ *To Kaye & Rick - how saddened I am to know that Jackie has left us  
too soon. The pictures are wonderful; I see your daddy in her boys'  
faces. To Trey & Eric, you already know how special your mother  
was, but you may not know how dear she was to people that you  
have never met. I'm keeping all of you extra close to my sad heart.  
Love, zou*

“ Dear Family,  
Jackie was a classmate that I surely will never forget. She and I and everyone that we could fit in the car rode to the Taste Freeze every day at noon. We took the fastest route we could find so we could be first to put our order in. There were days I wondered how we made it without getting stopped by the police not to mention having a wreck. We just had great times together and I will cherish the memories. I'm just sorry we didn't stay in contact. I did hear from her not too long ago letting me know that the next time our class got together she wanted to come.

Please let me know if there is anything I can do or we as a class can do for your family. We all loved Jackie, especially me and I think I can speak for our class as a whole that we will miss her so.

“ Jackie was my childhood friend from first grade through high school graduation. Although we lost touch for the most part after high school, we re-connected at various reunions and most especially at Brownie Scout Troop 11 gatherings in the 1980s and 1990s. My most vivid memory of Jackie is at the 1993 gathering at The Junction Restaurant in Huntsville, on the occasion of our 20th high school graduation anniversary. We were pretty rowdy as we exchanged stories past and present, and wasn't that a time!! Unfortunately, Jackie was too ill to attend our 2003 reunion, but at our next gathering, we'll toast her memory and recall her wonderful spirit and positive outlook. We shall miss her forever.
