“ Jeanette,

Thank you for the years you blessed us at the DA's Office. Thank you for your never ending dedication to your co-workers and the compassion you showed all the victims of crime. I especially remember the love and care you showed the child victims and how hard you worked as an integral part of the team that fought for justice in each and every one of those and many other cases. Even when you were fighting your own painful battle, you insisted on coming to work, so you could be there for any victim or co-worker that might need you. You are so special to me. Even as I start this Monday morning, there is a void in this office. A void that will never be filled because you could never be replaced. Thank you for your loyalty, your strength, your compassion and most of all your friendship. You are such a Hero. There is so much I would like to say. I am so thankful for the opportunity I had to say, "I love you" and to hear you say, "I love you too Mr. B." There is a poem that comes to mind when I think of you. Although I cannot quote it, it goes something like this: some people come into your life and stay awhile, others come and are gone quickly, but they leave footprints on your heart, and you're never the same. You have left footprints on my heart. I love and miss you. Thank you for being a friend I will never forget.
