“ When Jimmy came into a room, the first thing you would notice was his magnificant deep voice, then you noticed his great smile, but the most important gift Jim would give, was that whether he said a few words, or a long conversation, he made you feel you were the most inportant person in that room and you felt better for being around him.
His presence will truly be missed.

“ Back in 1969 Jimmy took me to his Senior Prom in his new blue Cougar. I wore a long yellow dress and Jimmy wore a white tux jacket and black tux pants. I still have a small picture of us. We were so young and cute. We had a blast that night So sorry to hear of his passing. My daughter goes to the gift shop Jimmy's sister has and this is how I found out about Jimmy. She lives in Bullard and some of her father's family is burried in the Flint Cemetary. God Bless, Cecilee

“ JC was good people. He would have given the shirt off his back if he thought someone else needed it more. I worked with JC for three years and learned so much from him. He was always there when I needed his advise and I loved listening to him ramble on with his stories as we all know he was famous for. I'll miss his scruffy beard and his gruff laugh and the way he always made you feel like you meant something in this world. My heart goes out to Debbie and the rest of his family in this trying time. I will forever miss his friendship.
