“ I am saddened by the sudden loss of you but I am so grateful to have had you for an aunt. It is because of you that I developed my love for movies and science fiction when I was younger which became a significant part of what I enjoy in my spare time then and today. I'll always remember coming over to your house when I was young and us choosing a movie to watch while the adults played cards. I miss those days. I'm so thankful I got to see you and talk with you one last time before your passing. Rest in peace. I love you.

“ *What more can be said, the tribute wall says it all. My heart is broken because I didn't get talk, be with and see you before our planned visit. As God would have it, he took you from us just before us coming. But our memories and laughter together is everlasting. You graciously and heroically endured your last several years as best as you could. You gave it your all. One of the lasting memories that I will always have is when I called to talk with you and you answered the phone with a great big Hellooooo and laughter. You are now at peace along side Mom and Dad.*

Love you forever,

Kevin and Brenda LeMaire

“ Kerry was a classmate of Wayne and I. We graduated together in 1964 and have remained dear friends since then. I was blessed to have a long conversation with her the day our merciful Lord called her home. We laughed together and shared concerns about each others health issues. Kerry was the happiest, most positive thinking lady I have ever known. Always upbeat and caring. God picked a beautiful spirit to become an angel. Rest in loving peace my dear, dear friend!

*Kerry was such a warm and joyful person and added so much to the lives of many of us who knew her from Port Sulphur. She battled her diseases with grace, dignity and love and was an inspiration. Sympathy to her family at this time of mourning and rest in peace as a good disciple of Christ, Kerry. You were loved.

Dearest Sister

Never realized your passing would be so hard. I miss you every day. You're a butterfly and butterflies are free to fly. So fly away fly away. You will be the one I see when I see a butterfly in the sky and I'll say hello. So bye for now our beautiful (Papillon) butterfly.

Today July 29th saw a red butterfly, flew toward me. I said hello, it flew away. I cried.

We have places to go and things to do.

You are the most kind and loving person, our angel in heaven.

Love you always

Mom, this is absolutely amazing because I was also visited by a beautiful butterfly on the morning of Kerry's passing. I immediately thought of her and how she was saying hello from heaven. I remember thinking that from now on when I see a butterfly it will remind me of her. Her beautiful soul free to fly. I will always cherish the wonderful memories we shared. She was the epitome of kindness and compassion. I'm so grateful my wife and children were able to visit with her often. We are all truly blessed to have known Kerry.

I was honored to have been one of the people who took care of Kerry at the dialysis clinic. Kerry was the sweetest, kindest soul and I LOVED her! I loved talking with her and hearing her stories from her travels and she was always so excited when she doing anything with her sisters. She ALWAYS remembered us at Christmas time and would give the techs who took care of her the most thoughtful gifts even though we implored her to please not spend any money on us and just her friendship was a gift. I can still remember her laughter! Rest in peace. Kerry, you were truly a special friend you're going to be so missed...
