“ I first met James in 1996 at Tyler ISD.
I learned alot from him including how to make tools from scrap tools
and junk. He was a very resourceful man that will be missed by
many. He has touched everyone he met.

May God Bless his family and help them in their times of sorrow.

"Among The Angels Place"

*He's gone back to the Angels Place
Floating high above You and I
Feeling no pain
Feeling no sorrow
Back from a place where time was borrowed
Back to a place of peace and grace
As he walks among the Angels Place*

*Father bless his soul
Father bless his being
Shower him with a life unending
Shower him with a love undying
Let his heart be filled with peace
Let his days be filled with grace
As he walks among the Angels Place*

*Ease your mind he feels no pain
Now he's got everything to gain
Let his spirit be filled with passion
Let his life be filled with love
Forever to roam the heavens above
Back to a place of peace and grace
As he walks among the Angels Place*

Rest assured he has no sorrow

*For in this place there's always tomorrow
Back in our Fathers arms once more
Where life is precious and love is true
He rises above me and you
Back to a place of peace and grace
As he walks among the Angels Place*

“Daddy, I know these last 9 months were hard on you and you never once complained. I'm so sorry that you suffered the way you did. I truly believe that God chose this cause of death for me. God knows how hard it would have been for me to lose you suddenly. God blessed me with the time to talk to you and share memories with you and to learn that it was ok to let you go. Thank you for going through this for me. I love you SO much! Mucho! Mucho! Mucho! I will miss you terribly but I know you will always be right here in my heart forever. You are my "Favorite Daddy" - I will see you soon. Love you Forever, Your "Favorite Daughter"

“I didn't know James for very many years, but when I started working with him he took me under his wing and helped me so much. He will be missed very much by me. I still remember when I came to the job interview the first time I ever met him. He had a lawnmower torn apart all over his stall. He came out from under it and introduced himself to me and said " The hardest part of this job is getting up every morning."
Good bye old friend.
