“ Pat and I, along with Sharon, went to the police academy together. Pat helped me understand Federal laws. Later when I started holding and instructing police academy's Pat helped me. I could tell you stories about how we had all the students crying and laughing at us during family violence classes.

Pat and I had a great conversation about the Creator and how he did things that we are not supposed to debate. We shared so much about our lives and relationships to each other.

I know firsthand that the Creator has angels because one held my hand. I let Pat know about my angel during heart surgery and what the angel said about the Creator. We both cried for no person knows when he will call you but be ready.

Pat was called by our Creator and I know she is looking after us here. I will miss her to the max but every time I walk in these mountains and see the Creator's greatness I know that she will be helping him and looking after me with her grace and great smile.

Pat, I will always remember you and your beautiful smile until we sit together in our Creator place. I see you now watching over not only me but your beautiful family as well. We can still talk about how much we miss each other every moment of the day and night and still have conversations about how much we cared about other people and how much we helped them.

Pat is not gone she's just in another place. She will live always in our hearts and I will always love her.

“ How precious to me was my long friendship with Pat Shaw ! Loved to tease each other as to who was really the tallest ! Of course, my 3" edge always made me tallest... & the winner ! But she was heads over me in prayer, joy and encouragement to others. Our good times together were at special ministry meetings, singing, & prayer events. Pat was a Mighty Woman of God in every way.

Pat organized in Tyler's hospital area, Prayer & Healing Rooms for the sick & saw many healed in body & delivered from various oppressions, such as worry, drugs, anger, etc.

I had her as my guest on Outlook TV Ministries here for Longview & Kilgore Cables...and guest in my home for home groups.

What a bright Spark of light & joy has been advanced into her heavenly place sitting beside her best Friend & Saviour, Jesus ! I wish everyone could have known Pat Shaw !!!
