“ I just spoke with Randy this past Christmas and things looking good, cancer-wise. So very sorry to hear of his passing. My thoughts and prayers are with his family.

My memories of Randy are always pleasant. He was honest and a straight shooter. I always enjoyed running into him during the course of business. He was admired and well liked by all who knew him.

“ A great man that will live in the hearts and memories of every life he touched. He was not just my boss and mentor for over 14 years at Minolta / Konica Minolta, but a friend from the day I first met him in August 1991.

I learned a lot from Randy not only in business but in life too. I am better person thanks to him.

Okay, Here's the memory.

Several years ago I was driving up to Oklahoma from Texas. I called Randy on his cell phone. He said, "What are you doin." I said driving up to OKC to meet with a KM dealer then on to Tulsa. Randy asked, have you crossed the TX state line into OK yet. I said no, it's about another 4 miles or so. Randy then asked, Mark do you know what happens the moment you leave Texas and cross over into Oklahoma? I said, no, tell me. The I.Q of both states goes up. It was quite for 2 seconds. Then Randy starts laughing. I laughed for long time on that one.

Rest in Peace my friend.

“ So many memories of Randal when I worked for his Dad at the locked plant in Slaton. I was 6 yrs older so I knew all the answers concerning dating and things of that nature. I was also able to teach him process cattle etc. Had a good time each day he came to work from school. Also really enjoyed watchig him -Jimmy Williams and the rest of their football team. I am very thankfu I visited with him a couple of weeks before he passed. You will missed my friend !
