“ Bob was my Field Training Officer with FresnoPD in 1984. His training was spot on and kept me focused on the job instead of the what-if scenarios. His presence was always positive and yet he had this enjoyable sarcasm in viewing the contradictions between bureaucracy and real world practicum. Always miss his bird calls which became his kind of signature that most everyone recognized. Wish his family the best and prayers going forward. Bob was and always remained one of “the good guys”. RIP.

“ Robert was a good friend and We always loved visiting with him and Shirley.
Robert will be truly missed but have no doubt we see him again. In the meantime, I will be looking for that guardian angel to look down from above on his family and friends. RIP my friend until we all meet again, we will take it from here

“ We so enjoyed the friendship of Bob, if just on Sundays sitting behind he and Shirley at church. He always had something funny to say or conversations to share. He will be missed by all that knew him!! Susan & Walter Dickey
