“ Speaking on behalf of my self, my daughter and granddaughter, Sybil became a part of our family when she and Bob were married and she welcomed us into her home, as if we were family. She has continued to remember each of us on our birthdays and holidays. She shared our happiness during college graduations, weddings and the birth of Kelsey. Although the distance between DeQueen and Little Rock interfered with closer contact she was always considered part of our family and we loved her very much. Her death has caused a great cavity in my heart. Please know that she was loved by us and will always be remembered  
With all our love,
