“ I lost my best friend on November 6,2012. Tori was basically my little sister. She was the one who held all of my secrets, good and bad. No matter what mood I was in sad, happy, mad, upset confused, or even crying; looking at that beautiful face of her always seemed to make me smile a little more and more. Every worry in the world slipped away at a single smile on that gorgeous face. Her smile was that of an angel. An angel sent to us from god to make a difference in our lives. Sent to challenge us, but at the same time reward us with her presence. Tori made a difference in a whole lot of peoples lives. She is my inspiration. She is the reason I want to be a special education teacher. She is the one who is going to help me, help others like her.

Tori if you are listening, I Love You! So much! Don't forget that! Not ever..

Forever and always,
Your KK!
