“ Ed Hoffman was truly an American Hero. The likes of Mr. Hoffman are few and far between. He will be missed in the Assassination Community. He was and still is an inspiration to my high school students. He lived a remarkable life in a remarkable time. Maybe one day the Nation and the world will truly see that this man stood firm and rose above the lies that have been shelled out for the past 47 years in the murder of President Kennedy. Thank you, Ed for being an honest and law abiding citizen. Thank you for stepping up seeking the TRUTH!

“ It was my pleasure to know Ed. He was a gentle man that required no special attention. God saw fit to give him probably more than he wanted though. he was a man that's presence had a certain special humility and grace. The same is true of his wife. Ed, you are now in the palm of God's hand.. You know first hand what we just hope to find in life.

I wish I could be there and know in my heart my most favorite people will. May this special service be blessed with the same genuine caring heart that Ed shared with all who knew him.. Bob Cochran...

“ Ed was a straightforward honest Christian man who was thrust into an impossible situation on 22nd November 1963. I am a Brit but I recognised Ed as a true American hero.

Ed and I shared the disappointment that I was never able to welcome him to my country.

Rest in peace my friend. Suffer no more.

“ I wished that I could have met Ed. Being a researcher "part time" for several years now, I have never made it to Dealey Plaza yet. I wished that I could have on one of the past anniversaries....maybe I would have had the chance to meet Ed. I have always been fascinated at just what he witnessed back on Nov. 22, 1963, and I have always been a firm believer in just what he had seen. He was a courageous man to come forth with what he had witnessed, and for that this country thanks him.

A very special thank you to Mary & William Sawyer. My thoughts and prayers go out to Ed, and the entire family at this difficult time. I do believe Ed is now in a much happier place. May he finally rest in peace.

“ Ed Hoffman saw two things that were significant: Activity on the grassy knoll and he saw the back of President Kennedy's head also. Ed said the back had a large wound which was consistent with what many doctors and nurses said they saw.

The first part of the solution to the "mystery" is contained here:

<http://www.youtube.com/watch?v=cwjM2wVwFQs>

It was never a mystery, it's always been a lie. As many suspected the US Government lied to us. Ed didn't live to see the truth finally revealed but he was a courageous witness who always told us what he saw.

May he rest in peace.

“ Initially naive in his belief that the FBI was actually interested in finding the truth, Ed stood his ground, nevertheless, and never wavered from it. Now he and the hundreds who knew the truth and went before him are chuckling together in derision at the lies and those who continue to perpetuate them.
Too bad LBJ can't be with them. That would have made for some real laughs.

“ Thank God for courageous and honourable people like you, Ed, whose steadfastness with the truth behind JFK's murder, has helped illuminate the real history behind that very tragic day in your nation's history. I'm a long-time student of the assassination and, like so many in the world, I recognised the great world leader we all lost back in 1963.

God bless you and your family. I only wish I could have met you and thanked you personally.

“ Ed Hoffman will not be forgotten.

I knew him at the time he was involved with Ron Friedrich. They published a book "Eye Witness" in 1995, and mentioned me in the book. I met with Ed and Rosie at their home in Mansfield, as well as at a number of conferences and events over the years. I have always believed that Ed's account of this history is truthful and accurate.

His Post Script to the book says "I pray for America. God bless this country. God bless the people. And may God so bless the people of every country in the world. And may God bless you."

“ *Ed Hoffman is a true hero to all Americans who love the truth. He was a courageous and true American who told the truth about what he saw in Dallas on November 22, 1963! By sharing with the world what he saw that day in spite of being intimidated by government officials to keep quiet, he added his formidable integrity to our efforts to let the truth be known: that JFK was killed as a result of a conspiracy and not by a lone gunman.*

I have long admired Mr. Hoffman and will continue to be grateful for this great American.

“ *We had the privilege of meeting Ed at a conference in Dallas in the early 1990's. We found him to be a caring and warm hearted person. We exchanged Christmas cards over the years with Ed and Rosie, and renewed our friendship whenever we were in Dallas. Just a couple of years ago, Ed, Rosie, Mary, and William visited Boston, and we met them at the JFK Presidential Library. Ed was beaming at the fact that he was in JFK's Library. As we were taking photos of each other, people asked who is that man? I told them of Ed's experience on November 22, 1963. We will miss our good friend. However, the fond memories we have can never be taken from us. Rest In Peace, Ed.*

“ *Our thoughts, hugs and concerns were especially with you and your family as our group walked through fields of flowers and beautiful works for nature at the Dallas Arboretum yesterday. Surely, if the Lord above in His majesty could make this "heaven on earth" this beautiful, then the heavens where your dear Virgil is now residing would be of indescribable beauty.*

I am sure that he will be dearly missed, but will be made whole again and will be about God's business until we will all meet with him again in that place

Love and peace... know that the Angels of God's love are all around for us.
