“ *I just learned of Warren's passing today this I apologize for my belated condolences.*
Although Warren and I spoke less often, I often thought of him and cherished our long talks when we could catch up.
I came to know Warren through Air Liquide and we became collaborators on many project's and ultimately I am proud that I could call Warren a dear friend and mentor.
He was a steadfast gentleman & supporter/mentor to me while I was at Air Liquide and afterwards.
He spoke often of his family, proudly with a smile.
I will miss Warren dearly and in definitely a better person for having known him.
Sincerely,
Victor Baril

We did not know Warren well. Nelda played Mahjongg in a group where Cheryl played also. Nelda knew Warren was a special guy, in the way Chery talk about him. He was the love of her life!
