“ DR Roosth was my doctor for 33 years. He was so kind and smart. He was also tough on me when he thought I needed it to make proper changes. He was my doctor through so many changes in my life and knew my whole family. I came to see him as a grandpa figure as I never got to see my own. I was happy for him when he retired, and have missed him greatly ever since. I was so sad to hear of his passing. The world was definitely a better place with him in it.

“ I am heartbroken to find out of Dr. Roosth's passing - just found out. I worked for Dr. Roosth for 19 years, and he was by far my best employer! I loved working with him and his wife. He was a very kind and loving person and he will be missed immensely! Love and prayers to the family!
