“ I worked and knew Bill since I came to work for INS (Immigration & Naturalization Service)in 1984. He was a pleasure to work with because he enjoyed his job. I will always remember his laughter and humor.

*Good people will be remembered as a blessing...Proverbs 10:7.
Your loved one was a very special person - someone who blessed the world with so much warmth and happiness...*

May it help his family to know there are many who are sharing your sadness over the loss of a very special life.

“ I will always remember when we met in Chula Vista and they moved the Academy there from Port Isabel the famous 90th class.(1967) WE served in the Border Patrol until I transferred to Maine., in 1972. We got back together in Dallas "1974". we served together until our retirements. Our relation was a lot more than working one. Our families spent a lot of time together and our children played together. I don't think I ever heard a complaint from Bill. My most sincere thoughts go out to you Susie and the two boys and your daughter . He will be remembered for the love he had for his family

“ In 1978, Bill and I met after our transfers to the Dallas District Office Investigations Unit, he from Cotulla, Texas and I from Nogales, Arizona. That was the beginning of a lifelong friendship. Bill was pleasant, full of great stories and an all around common sense type of guy. When I left the Dallas area, we continued to talk on the phone frequently and exchange emails. I always enjoyed our talks. Despite his bout with Parkinson's disease, he remained upbeat to the end.

Bill was a great friend and will be missed by all who knew him.

Vaya con Dios, Amigo!

To Susie and family, Connie and I send our sincere condolences. Please don't hesitate to call if we can help in any way.

“ Bill and I became HS friends during his brief time in Brownsville. We played football together, his father U S Border Patrol, mine U S Customs. We both went to Navy. In the 1980's and during our careers, we attempted re-connect. He with USBP I was Tex DPS. After retirement we reconnected by e-mail with all good intentions of getting together. Regretfully, He didn't come West, I didn't go East. Now my friend is gone. In just the short time we were friends, I knew Bill as a Quality individual and one I will miss.

“ Bill or, "Willie" as we affectionately called him during the hey day of the DFW Airport Drug Task Force, was an excellent law enforcement officer. More importantly, he was a wonderful friend. No matter the situation, he was always upbeat and more than willing to help and/or lead the way. He and I shared a great love for music. I still have several cassette tapes he copied for me that I listen to and always think of him. We shared much during our work together. My deepest condolences to the Eatmon family. May God comfort you with wonderful memories of the past and great anticipation of the future reunion with Bill.
