“ *I mainly knew Dr. Holmes through you two, Kathy and Charley two of his daughters. I got a picture of him through your eyes. You saw him as strong, dedicated to his family, active in the community and a person who made a difference in the lives of many people. He made a difference in your lives I can tell when you speak of him and as a result you loved, respected and appreciated him and who he was. I know that he will be missed greatly by you and the rest of your family. God blessed you with many years together. Your dad can now rest from the cares of this life until the resurrection morning when Christ will return. God bless all of you. I love you.*

“ Bill was one of my Olympic water aerobic pool friends for almost 2 years and I miss visiting with him about West Teas and swapping stories. He was a very talented and intellectual person with a wonderful sense of humor. Ellen, I know your grief will be healed by God and Bill will not soon be forgotten by a lot of us.

“ Dad:

I am going to miss you more than you know. Thank you for always listening, for offering much needed advice, and for proofing my many papers. You always believed in me, pushed me to do what I didn't think I could do, but you knew I could. I will see you when Jesus comes.
